AIR BRAKE COIL

1. Product name: aluminum pipe
2. Material: 6063 aluminum alloy, stainless steel
- 3.universal color: silver/black/red/blue/customizing
- 4.Surface treatment: Spray/oxidation/polishing/electroplate
- 5.Ends treatment: According to request(beads and flat, as below)

Beads

Flat

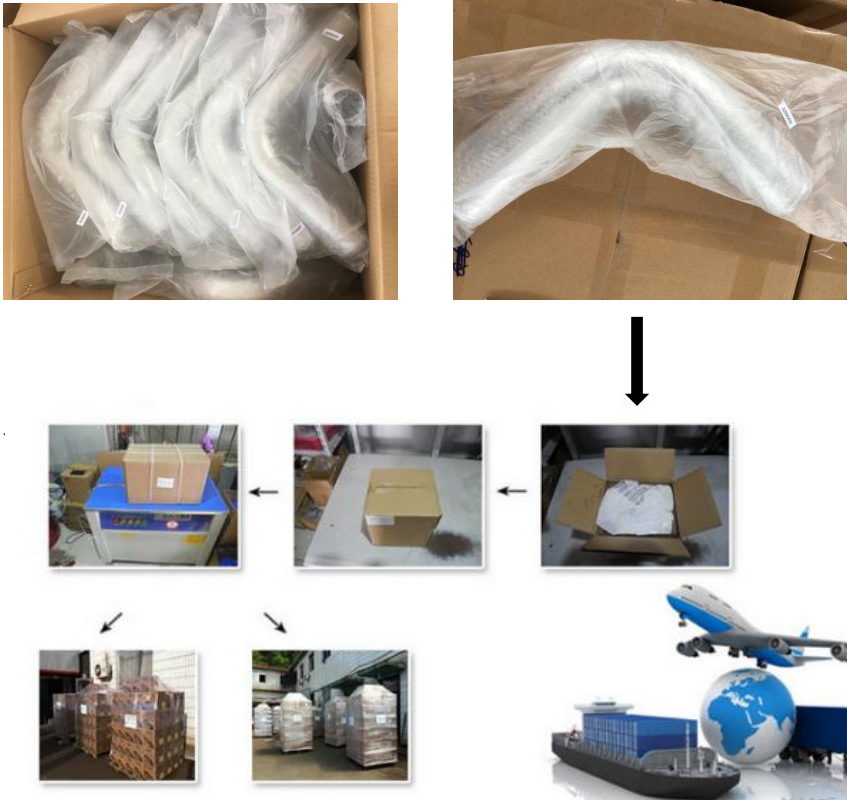

Color

6.Application: auto intake system refitting,turbo and intercooler system refitting

- 7.Advantages:
- a.Good corrosion resistance
 - b.Good wind resistance
 - c.Light weight

8.Packing: Bubble bag inner and kraft-paper box outer

9.MOQ: No MOQ request

10.Size could be customized
